

THOMAS TWO-SPEED MOWER "CROWN"

means that you really have two mowers in one. It has two speeds—fast and slow. It is an exclusive advantage because no other mower has it. It means that you don't have to run your mower all the time on the usual fast speed required for heavy cutting, for when you come to the light hay, weeds, etc., you can use the slower speed, and thus save much wear and tear on your machine. Investigate this mower before making your purchase.
